

JOBBOX[®] NEW PRODUCT

MOBILE FIELD OFFICE

The Office You Take with You... Making your work easier and better organized, your new JOBBOX Mobile Field Office rolls through 36" commercial doorways and is designed for you to easily add digital connectivity with a monitor, backup battery power and printer. Its reinforced construction, built-in lockable security, and heavy duty 6" locking casters ensure years of service, security, and convenience.
Roll it, hoist it or Sky-Jack it wherever you need it.

PART NUMBER

DESIGNED FOR DIGITAL CONVERSION

Our new Mobile Field Office features a removable upper shelf that provides room to add up to two monitors. The unit also features an external power entry point, multiple pass-through locations for wiring, and built-in shelf positions for chargers. (TV not included)

DESIGNED FOR HIGH MOBILITY

Our new Mobile Field Office is sized to roll through 36" commercial doorways on Heavy Duty 6" Locking Casters. Sky-Jack Fork Retainers provide safe lifting and four corner-mounted Hoist Rings are rated for a 1500 lb. working load capacity.

EXCLUSIVE DESK ERGONOMICS

Our new desk design provides a superior, more comfortable working angle and height. It can handle size "E" prints, offers a horizontal working position, and also provides a personal, lockable security compartment.

SLIDE-OUT BOTTOM SHELF

The bottom shelf slides out for quick access, and allows for the addition of equipment from up to a 15" x 17" printer to a "pancake" compressor. (Accessories not included)
